Affiliated organization

iHub

Is this organization a legally recognized corporate entity?☒ Yes
☐ No**Has this organization accepted grants from international civil society organizations previously?**☐ Yes
☐ No

Section III: Team Information

Regional area focus *

Horn of Africa

Technical Area of Resilience Focus *

Multi-hazard Early Warning Systems

Please provide a succinct 1-3 sentence summary of your team's resilience Problem Statement

This project will focus on the development of a multi-hazard and multi-sector Early Warning System for climate related hazards in the Greater Horn of Africa Region, based on Kenya as case study. The aim is to increase resilience of vulnerable communities affected climate extremes by ensuring they receive timely and actionable early warnings and integrated response mechanisms are implemented. The project will explore the use of innovative ICT tools for the communication of disaster risks and the dissemination of warnings.

Please use key words that vividly distinguish what type of resilience challenge your application is designed to address.

**Team lead
organization address ***

Section V: Final checklist

Name of person
completing this form *

Elisabeth Vogel

E-mail of person
completing this form *

evogel@student.unimelb.edu.au

Please make sure you have the following included in your PDF:

1. List of team members (1 page)
2. Pre-proposal (2 pages)
3. Summary of team's strengths and experience (1 page)
4. Notional budget up to \$200,000 (1 page)
5. Letter of commitment from each team member
6. Resume or C.V. for each team member (max. length of these documents should not exceed 2 single-sided pages per member)

Note: The page limit for the application is 5 single-sided pages. CVs and Letters of Commitment are not accounted for in the page limits. The PDF document should be no larger than 10MB.

Your application will not meet the submission requirements if it fails to include all of the above elements in one single PDF, prepared in English.

I have included all the materials above in one PDF in English. ☒ Yes *
